

THE BARE FACTS NEWSLETTER

August 2017

Hello Baybares Members and Friends!

Summer's end is fast approaching....when did the time go?? Labor Day will be here in just a 3 weeks.

The next upcoming get-together will take place this Saturday, August 19th, for this month's birthday babies. (See John's recent email). Please join us for the celebration.

Happy Birthday to Aileen 8/8, Sandra 8/25, and Jeff S 8/8.

We've planned our **Labor Day** weekend celebration (September 2 – 4). Join us for games, some good food, and relaxation. We're planning meals for Saturday breakfast, lunch, and dinner, Sunday breakfast, lunch and dinner, and Monday breakfast. We will be making calls the week before to let you know what we need you to bring. This is one of our major fundraising events, so we hope everyone can come out and support the club.

We'd like to extend a very special welcome to our newest members: Frank and Dolly, Len and Diana, and David and Kyrsten. We're glad to have you join our family! Welcome aboard.

If you haven't been to the park in a couple weeks or so, you will definitely notice the improvements...both inside and outside. Mike and Leigh are really working hard to beautify and spruce up the entire park. The difference is already amazing, as numerous members have already expressed. We all truly appreciate the great job they're doing. In addition, thanks to Rhonda and Melanie for helping with the curtain project, and to Mike A. and Sherry for your part in the clubhouse improvements we've made so far.

Don't forget, if you would like to run for Vice-President, Treasurer, or Newsletter Editor, notify the board of your intentions by the 1st of October so you may be added to the ballot.

A word from our Board President:

"I want to thank all the members who helped clean up and make improvements to the club house. By far the most striking improvement is the new curtains and shears that were sewn by our news editor, Judy. Really makes a striking difference in the appearance of our home. Sherry cleaned out the refrigerator and freezer and threw away food that had been there for years. I am still looking into repairing the deck. I have a priced bill of materials but do not yet have a labor estimate. The old wooden tables were replaced with white tables. Still in the hopper are improvements to the road and repainting the shower walls. No decisions there yet. The mowers have all been repaired and are in good working condition. The hose and reel by the pool deck have been replaced

as has the electrical cord that powers the old bus under the pole barn. With the help of Mike and Leigh, we're making significant progress improving the overall appearance of our club. And let me not forgot to mention and thank Jay for all the work he does, in addition to the fried chicken dinner with all the trimmings he and Renee prepared for us Saturday night. A big thanks to all for all the help making improvements to our home away from home."

Dick
